TELEGRAPHIC NEWS**Capital Chips.**

Washington, 8.—Merrick continued his address in the Star route case. The court adjourned until Monday. It is believed the case will go to the jury on Tuesday afternoon.

The President appointed the following government directors: Union Pacific Railroad Company, Isaac H. Bromley, Connecticut; Geo. F. Haven, New York; Watson Parrish, Nebraska; Colgate Hoyt, New York; and Arthur L. Conger, Ohio.

Secretary Teller has approved the action of Indian Agent Wilcox in refusing to receive the Christians in Indiana who recently applied for admission to the San Carlos reservation.

Secretary Teller has reversed his decision in the case of William Chandler vs. Village Sault Ste. Marie, Michigan, and now decides that P. Pier Field is locatable upon the tract in question, evidence being produced that the Indians did not reside in the tract as was supposed at the time of the first decision.

Suits to recover \$3,000 counsel fees, brought by J. S. Bigelow, attorney, Salt Lake City, against Peter P. Field, of Sergeant Mason, who is now serving out his sentence for attempting to shoot Guiteau, came up in court to-day, on motion to dissolve the order restraining Mrs. Mason from using the money collected for her some time ago by public subscription. Among the papers submitted by Mrs. Mason's counsel was a letter from the counsel of Bigelow offering, in behalf of his client, to relinquish all claims for \$300. The case was submitted without argument.

British Bits.

London, 8.—A stormy debate arose in the Commons on the motion to recommend the Lord Wolsley and Baron Alcester annuity bills, for the purpose of commencing the proposed pensions for lump sums of money. Sir Wilford Lawson, radical, and Lord Randolph Churchill, conservative, opposed the motion. The latter alleged that an inquiry into the Egyptian war was first necessary. The origin of the war, he said, was disgraceful, and not glorious, as the government's puppet, the Khedive, was the real author of the massacre at Alexandria.

Sir Stafford Northcote (conservative) supported the government opposition to the grants. He characterized as shabby the present raising of the question as to the policy of the war. He declined to be led by Churchill, and he hoped the house would not be induced by the noble lord to accept a position so degrading to its honor.

Gladstone declared Churchill's allegation in regard to the Khedive was entirely at variance with all evidence in the hands of the government.

Churchill promised to give proof of his statement if the government would grant the proper inquiry.

Colorado Crops.

Denver, 8.—A heavy snow storm is in progress throughout the state since morning. An unusually heavy rainfall the last few weeks insures an abundant harvest. Crops never looked more promising. Reports from all parts of the state indicate that the agricultural products of Colorado this year will far exceed any previous year of its history. An abundance of grass on all cattle ranges, and stock is in excellent condition, giving evidence of a prosperous fall and winter.

Cable Clicks.London, 8.—Her majesty's dispatch steamer *Lively*, stranded near Stornoway, is breaking up. Loss \$25,000.

A committee of influential shipowners, on the project of another Suez Canal resolved to proceed vigorously with the work, especially as the statements made by DeLesseps at a meeting of the Suez Canal Company in Paris are regarded as most unsatisfactory. The assumption of DeLesseps that harmony existed between himself and the English directors is strongly disapproved.

The M. D.'s.

Cleveland, 8.—At the closing session of the American Medical Association a resolution by Surgeon-General Keller, that in the very near future, if not now, cremation will become a sanitary necessity in large cities and populous districts. Was referred to section on hygiene. A committee on surgical services aboard ocean vessels was appointed.

Cleveland, 8.—The American medical association adjourned for one year after passing the customary complimentary resolutions.

"Your Skin Cure is superexcellent. It is fast curing my daughter of ringworm, which had spread all over her body." Mrs. E. L. D. Merriam, Blue Hill, Mass. Druggists keep it. \$1 per package.

A Panic.

New York, 8.—A panic that might have resulted in dreadful loss of life occurred in the primary school, Fifth street, this afternoon. Some scholars shouted fire, and a scene of wild excitement and confusion followed. Hundred of children in different classrooms crowded towards the stairs, and all the efforts of the teachers to preserve order were ineffectual. A number of children were crushed and had their clothes torn in the struggle. The police report no one seriously injured. There was no fire.

Riot at a Race Course.

Wilkesbarre, Penn., 8.—At the race, to-day, constables attempted to arrest W. A. Becker, Chicago, proprietor of a wheel of fortune on the ground. A riot ensued and several shots were exchanged. Wm. Bowser, New York, was seriously beaten by a constable. The wheelmen turned back and were chased. A night constable was arrested and held to bail for robbery, battery and assault.

LADY BEAUTIFIERS.—Ladies, you cannot make fair skin, rosy cheeks, and sparkling eyes with all the cosmetics of France, or beautifiers of the world, while in poor health, and nothing will give you such rich blood, good health, strength and beauty as Hop Bitters. A trial is certain proof.
